PART I.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
Land Revenue, dated 6th July 1910.*

**BEFORE THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

APPEAL NO. 48 of 1908-09.

Appellants.—Chikka Thinna and other raiyats of Kadilapura village, Koratagere Sub-Taluk.

Subject.

Appeal against the order of the Deputy Commissioner, Tumkur District, directing the levy of enhanced rate of assessment on their lands in Kadilapura village, Koratagere Sub-Taluk, on the ground that the supply of water to the lands has been improved by the repairs effected to the Mavathur tank.

Facts of the case.

The petitioners' lands are situate under the Rampur tank at a distance of two to four furlongs from it. In 1904-05 the Jamabandi Officer, Mr. C. Sheshadri Iyengar, imposed wet rate on the dry lands and enhanced the rate of assessment on the wet and garden lands by adding Rs. 4 to Rs. 10, according to the circumstances of each case, to the original survey rates, on the ground that the supply of water to the lands through the Jayamangali stream and the Mavathur tank had been improved.

An appeal was then preferred to the Deputy Commissioner, who, after necessary enquiry, ordered on 30th May 1907 that the levy was proper and could not be interfered with.

The petitioners then appealed to the Revenue Commissioner, from whose file the case was withdrawn under Section 210 A of the Mysore Land Revenue Code.

On a reference since made to the Revenue Commissioner, that officer is of opinion that the Jamabandi officer is not competent to revise the wet and garden rates, or impose water rate on dry lands except on the application of the owners of such dry lands for permission to take water; that the right of imposing an additional assessment is reserved to Government; and that as such, the action of the Jamabandi officer must be pronounced to be unauthorised and set aside.

Order.

There is no doubt that the Jamabandi officer acted without authority in revising rates without obtaining orders of Government. His order will therefore be set aside. If there are proper grounds to impose enhanced rates according to rules, the local Revenue officers may take proper steps to get such rates imposed. It is, however, understood that the question of enhanced assessment on these and other lands on account of improved water-supply will be duly considered in the Revision Settlement of the Koratagere Sub-Taluk now on hand.

No. R. 67—J. R. 437-08-4, DATED BANGALORE, 6TH JULY 1910.

Copy of the above is forwarded to the Revenue Commissioner in Mysore together with the records received with his letter No. 8204, dated 14th February 1910.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ AGAIN—

Government Proceedings No. R. 1918-26—Agri. 20-09-3, dated the 1st September 1909, directing that the next Census of Agricultural Stock be held in conjunction with the forthcoming Preliminary General Census.

2. Correspondence ending with letter No. 590, dated the 15—16th July 1910, from the Revenue Commissioner in Mysore, forwarding for orders of Government copy of letter No. 305, dated 23rd June 1910, from the Census Superintendent, together with a draft memo of instructions which may be issued on the subject.

No. R. 403-444—AGRI. 20-09-7, DATED BANGALORE, 23RD JULY 1910.

ORDER THEREON.—In accordance with the scheme formulated in Government Proceedings No. 7601-615—R. F. 46-97-8, dated 24th April 1899, for the collection of Statistics of Agricultural Stock in Mysore once in five years by a methodical and, as far as possible, simultaneous enumeration on the spot by a systematic house-to-house inspection, it was ordered in Government Proceedings No. R. 1918-26—Agri. 20-09-3, dated 1st September 1909, that the next or the third Census of Agricultural Stock be held in conjunction with the forthcoming Preliminary General Census, so that the enumerators and supervisors employed for the General Census may be available for this work also, as such a course would secure a more correct record of cattle than could be collected through the ordinary village agency, without much additional cost.

2. *Action to be taken by the Deputy Commissioners.*—The following instructions are accordingly issued for the guidance of the Deputy Commissioners. They are *mutatis mutandis* similar to those issued in 1904, and in giving effect to them the Deputy Commissioners will do well to be guided by the experience of the previous Cattle Census.

3. The most favorable time for cattle enumeration should be a date in the first week of January 1911, about a week before the preliminary enumeration of the General Census begins. The Deputy Commissioners should select a day in that month when people and stock are most likely to be in the villages to which they belong. Market days and days of fairs and festivals at which people would be absent in large numbers from their homes should be avoided. The precise days selected should be locally notified to enable people to arrange to remain with their stock in their respective places as much as possible, and should also be reported to the Census Superintendent direct to avoid delay.

4. The cattle enumeration should be as nearly as possible simultaneous in all villages and towns and the enumerators employed for the General Preliminary Census should carry out this work in their respective blocks with great care and attention, guided by their supervisors and Charge Superintendents.

5. A cattle enumerator's block should be the same as that intended for the General Census and the enumerator appointed for the General Census will also be the enumerator for this purpose.

6. With the aid of his Block List (General Census Form No. 9) with which each enumerator is supplied, he should thoroughly acquaint himself with all the tenements which he has to visit in ample time before the days fixed for the cattle enumeration. Errors and omissions, however, should be carefully checked and brought to the notice of the supervisor for correction in the course of this preliminary survey of his block.

7. Each cattle enumerator should also be supplied with a sufficient number of cattle schedule sheets and instruction notes (Forms hereto attached) in which to make entries at cattle enumeration. Each block, whether comprising an entire village or a separate portion of a town or village, should have a separate cattle schedule for itself. This will facilitate the arrangement of cattle schedules according to villages after enumeration.

Proceedings of the Government of His Highness the Maharaja of Mysore,

the issue of the printed forms of these cattle schedules on indents of the Deputy Commissioners. The quantity estimated is noted in the margin, the assumption made being that one form will suffice to enumerate 50 tenements.

9. *II. Instructions to enumerators.*—On the day fixed for cattle enumeration, the enumerator attended by the patel and a few of the principal inhabitants of his block should visit every tenement according to the Block List and make entries in the cattle schedule on the spot with neatness and precision. The particulars relating to each tenement should be entered after enquiry of the head member thereof. The work should be done between sunrise and sunset. As the information required is essentially statistical, there will, as a rule, be no disinclination to furnish full and correct information, and in any case there will be no difficulty which cannot be overcome provided enumerators deport themselves with civility and sense. The necessity and importance of such deportment should be impressed upon all of them.

10. An enumerator should enter the figures relating to the agricultural stock permanently occupying the premises visited. Those temporarily absent should not be omitted, nor need such as are casually present be reckoned as appertaining to the premises in question. In this way, while it will be necessary for an enumerator to visit all pens and folds outside the "Gavtan," it will not be necessary to count carts and bullocks in transit on public roads, etc.

11. Herds of cattle belonging to cattle-breeders which may be in kavals difficult of access need not be counted in the kavals themselves; it will be sufficient to ascertain their particulars from the respective owners and to enter the same opposite their names with a remark to that effect in the cattle schedule. In the case of persons like coffee planters who live or have their stock on their estates in the malnad, cattle schedule sheets may be previously sent to them to be filled in by them on the day fixed for the cattle enumeration and returned to the enumerator personally when he visits such places.

12. Statistics relating to the Amrut Mahal cattle, the Palace cattle and the animals at the Kunigal Stud Farm should be similarly ascertained from the Departmental officers by the Amildars concerned and added up to the totals of the localities where they are at the time of the Cattle Census.

13. When the details for all the houses in an enumerator's block are thus fully written up, the figures in every column should be totalled up and the cattle schedules should be signed by the enumerator and the patel and attested also by the local residents who may have helped them. The cattle schedules should then be handed over to the circle supervisors appointed by the Deputy Commissioners for the purpose of the General Census.

14. *III. Instructions to supervisors.*—The supervisors should, on receipt of the cattle schedules filled in by the enumerators of their circles, verify from 5 to 10 per cent of the entries in the cattle schedules relating to all the blocks in their circles and generally supervise the arrangements made for enumeration in their circles.

15. The items in the cattle schedules to be verified by supervisors should be previously but privately prescribed by the Amildar of the taluk by indicating the items to be verified. Thus, an Amildar may direct that every fourth item from the 3rd (*i.e.*, 7th, 11th and 15th) or every 5th item from the second (*i.e.*, 7th and 12th) in the cattle schedule should be verified by supervisors. The verification should be made by house-to-house visit, in the same manner as the enumeration. The attendance of the cattle enumerator, the patel and a few of the principal inhabitants of the block should also be secured. All errors discovered in the course of

Revenue (Agriculture), dated 23rd July 1910.

such verification should be neatly corrected with red ink and a list of them appended at foot of the cattle schedule. Where the errors are small and of no great significance, the cattle schedule may be passed for adoption. But where the errors are serious or numerous and thus calculated to discredit the cattle schedule as a whole, the case should be reported at once to the Charge Superintendent (Amildar), with a view to that officer taking due notice of the enumerator's default and arranging for a prompt and correct re-enumeration.

16. After such verification the supervisor should carefully verify the totals in each schedule and attest the same with his own signature and those of the village patel and the principal inhabitants who may have been with him in the course of his house-to-house visits.

17. Thus verified and attested, the cattle schedules should be put together village-wise with pages numbered and handed over to the Charge Superintendent, an abstract of the cattle schedule being given to the village shanbhog for guidance in posting up the village Khaneshumari account.

18. The Charge Superintendents should then make an abstract of the information collected for their charges in the schedule form and submit the same to the Deputy Commissioners, who will compile the figures for their respective districts talukwar and forward the same to the Revenue Commissioner as soon as possible, say by the 1st February.

19. These schedules with the village abstract as facing sheet will constitute the Khaneshumari account of the village and form the basis of the return from which Agricultural Return Table A 4 will be prepared. The account will run for the entire quinquennium and be liable to further scrutiny by the taluk and jama-bandi officers with a view to improving the next enumeration.

20. The foregoing instructions are intended only as a general outline of what is desired. Deputy Commissioners will issue instructions in such further detail as they may find necessary.

21. It will be noted that the Cattle Census now ordered extends both to Sirkar and Inam villages and not to Sirkar villages only as on the last occasion.

22. Deputy Commissioners should lose no time in starting their preparations and in submitting the report of the arrangements they make and soliciting such further instructions as they may find necessary.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Instructions to Enumerators and Supervisors regarding the collection of the statistics pertaining to the Agricultural Census in Mysore to be held in January 1911.

1. Each block whether comprising an entire village or separate portion of a town or village should have a separate cattle schedule for itself. This will facilitate the re-arrangement of schedules according to villages after enumeration.

2. These cattle schedules are made up of sheets of paper printed with the form prescribed therefor with spaces provided for each item of information to be collected and will be supplied to every enumerator by the Charge Superintendent. This special census is not only applicable to Sirkar villages but also to the Inam villages in the Province.

3. On the day fixed for cattle enumeration the enumerator attended by the patel and a few of the principal inhabitants of his block should visit every tenement according to the Block List and make entries in the cattle schedule on the spot with neatness and precision. The particulars relating to each tenement should be entered after enquiry of the head member thereof. The work should be done between sunrise and sunset. The enumerators should deport themselves with due civility and sense.

4. An enumerator should enter the figures relating to the Agricultural Stock habitually occupying the premises visited. Those temporarily absent should not be omitted, nor need such as are casually present be reckoned as appertaining to the premises in question. In this way, while it will be necessary for an enumerator to visit all pens and folds outside the "Gavtan" it will not be necessary to count carts and bullocks in transit on public roads, etc.

5. Herds of cattle belonging to cattle breeders which may be in kavals difficult of access, need not be counted in the kavals themselves; it will be sufficient to ascertain their statistics from the

Last para of Government Order No. R. 7235-9—L. S. 10-07-14, dated 8th May 1908, inviting the Revenue Commissioner's attention to the remark contained in para 28 of the Survey Superintendent's report on the revision settlement of the Shikarpur Taluk, that information regarding prices of food grains could not be supplied by the Taluk Offices for the years 1873-74 to 1881-82 on account of the destruction of old records, and enquiring as to whether the rules for the preservation and destruction of records require any modification

2. Letter No. 569, dated the 12th July 1910, from the Revenue Commissioner in Mysore on the subject.

No. R. 446-55—AGRI. 6-10-2, DATED BANGALORE, 25TH JULY 1910.

ORDER THEREON.—The Revenue Commissioner states that, as statements of prices of food grains and other articles are published every half-year in the Gazette, in accordance with Government Proceedings No. R. 9717-26—R. M. 264-06-4, dated 3rd May 1907, it is sufficient to direct that these prices be published talukwar, instead of districtwar as at present, in order to enable the Survey Department to get whatever statistics it may require on this subject by reference to the old issues of the Gazette, which are permanently preserved. The Superintendent of Survey concurs in this opinion. Government are therefore pleased to direct that the statistics contained in the half-yearly statements of prices of food grains and other articles published in the Gazette, will hereafter be given talukwar instead of districtwar.

READ—

Letter No. 5946—B. & R. 1276, dated 18th May 1910, from the Comptroller, submitting the consolidated Civil Budget Estimates of Revenue and Expenditure for 1910-11.

NO. FL. 352-92—GEN. FIN. 549-09-2, DATED BANGALORE, 25TH JULY 1910.

ORDER THEREON.—*Revised estimate for 1909-10.*—The budget estimate for 1909-1910 provided for a total revenue of Rs. 232,93,000 and a total expenditure of Rs. 232,38,000, leaving a surplus of Rs. 55,000.

2. According to the revised estimate for the year the total revenue is expected to amount to Rs. 231,87,000 and the total expenditure to Rs. 229,91,000, leaving a surplus of Rs. 1,88,000. The falling off in revenue according to the revised estimate is made up of large decreases of 3·89 lakhs under Land Revenue and 2·62 lakhs under Forests and an aggregate of 2·6 lakhs under seven other heads. This total decrease of over 7½ lakhs is set off by an increase of 1·12 lakhs under the Cauvery Power Scheme, 1·00 lakhs under Excise and sums of over ½ a lakh each under Profit and Loss, Mining Leases, Public Works, and Railways and an aggregate of 1·05 lakhs under six other heads. The large decreases under Land Revenue and Forests were due to seasonal conditions being bad for the collection of Land Revenue and to the conditions in the sandalwood market tending to the lowering of the price of that article. The fall in the expenditure is due to saving in some Departments, to a careful scrutiny into expenditure and timely re-appropriations.

3. *Budget estimates for 1910-11.—Revenue and receipts.*—The receipts as provisionally accepted by Government under all heads amount to Rs. 226,22,700 (in even thousands Rs. 226,23,000). A head of revenue which has been steadily falling and which, by the establishment of Local Boards and Unions, is still more adversely affected is the Assessed Taxes. Government are of opinion that the estimate of revenue as provisionally framed and accepted is rather sanguine and that the same may be reduced and taken at Rs. 2,75,000. With the above alteration the total of revenue and receipts, as now accepted, under all heads will be Rs. 225,97,700 (in even thousands Rs. 225,98,000).

4. *Expenditure.*—In fixing the expenditure side of the budget, the policy adopted during some years past, of using no part of the revenue from the Cauvery Power Scheme to balance the budget, has been followed; and it has been considered desirable, in addition, to budget for a surplus of Rs. 1,69,000 so as to provide a sufficient working balance and also a margin to avoid embarrassment in the middle of the year, should the seasonal conditions prove unfavourable.

5. The expenditure provisionally accepted by Government amounts to Rs. 219,77,520 (in even thousands Rs. 219,78,000), but some slight variations have been called for, because it has been found necessary to provide for some items of important expenditure, sanctioned subsequent to the framing of the Provisional Budgets. The appended statement shows these variations resulting in a net addition of Rs. 54,249 (in even thousands Rs. 54,000) to the amount of expenditure provisionally accepted.

6. The total expenditure under all heads as now sanctioned thus amounts to Rs. 220,31,800 (in even thousands Rs. 220,32,000).

7. The budget estimates for the year 1910-11 providing for a total revenue of Rs. 225,97,700 (in even thousands Rs. 225,98,000), and a total expenditure of Rs. 220,31,800 (in even thousands Rs. 220,32,000), and leaving a surplus of Rs. 5,65,900 (in even thousands Rs. 5,66,000) made up of Rs. 3,97,000 representing the net income of the Cauvery Power Scheme set apart to replenish the cash balances and Rs. 1,68,900 (in even thousands Rs. 1,69,000) on the ordinary account, are hereby sanctioned and directed to be published in the *Mysore Gazette* for general information.

Financial (Census), dated 29th July 1910.*

No. FL. 488-528—CEN. 19-09-4, DATED BANGALORE, 29TH JULY 1910.

ORDER.—Government observe that it is the duty of all Government servants to assist in the work of taking the Census when called upon to do so by the Census Officers, though for special reasons particular officials or classes of officials may be specially exempted from this obligation.

2. In view to secure the utmost efficiency and economy in the forthcoming Census work, the Government direct that the services of officials of all Departments connected with the Administration other than Medical, Plague and Press, be made available for the purposes of the ensuing Census, without prejudice to their duties, on the requisition of Deputy Commissioners of Districts.

3. The Heads of Departments are therefore requested to comply with the requisitions of the Deputy Commissioners as well as that of the Census Superintendent without any delay, so that the men selected for Census duty may take up the work in sufficient time to be well posted in all the details of their respective duties.

No. 10-17—L. B. 115-08-14, DATED BANGALORE, 5TH JULY 1910.

ORDER THEREON.—The Presidents of the District Boards of Tumkur and Kadur consider that the scheme is not likely to have any effect in improving the sanitation of villages, while the President of the District Board of Hassan reports that it is not workable unless the villages are arranged into three groups according to the different rates of rewards fixed. A uniform prize of Rs. 3 is proposed by the President of the District Board of Bangalore without any restriction as regards the number of prizes for a taluk. In the Chitaldrug District prizes amounting to Rs. 79 were awarded without, however, adopting the scale either as regards the number or the rate of rewards fixed by Government. The President of the District Board of Mysore has not submitted any report on the result of the scheme, which he stated would be given effect to during 1908-09. The President of the District Board of Shimoga merely mentions that the provision made in the budget was not utilised, while the President of the Kolar District Board reports that no villages were kept so clean as to deserve rewards being paid.

Such of the Presidents as wish to give the scheme a further trial may, however, do so during 1910-11.

Letter No. 11866, dated the 25th May 1910, from the Revenue Commissioner in Mysore, submitting for the orders of Government, letter No. R. 842, dated the 11th April 1910, together with its enclosures from the Deputy Commissioner, Bangalore District, forwarding a supplemental travelling allowance bill of Mr. C. Krishna Rao, Amildar of Nelamangala, claiming daily allowance for a halt made by him on 26th August 1909 in connection with a Municipal meeting held at Tyamagondlu, which is within his jurisdiction and beyond a radius of five miles from the taluk head-quarters, and soliciting instructions as to whether Amildars are precluded from claiming travelling allowances for halts made in connection with Municipal meetings at stations within their jurisdiction and beyond a radius of five miles from their head-quarters.

2. Note dated 12th June 1910, by the Financial Secretary to the Government of His Highness the Maharaja of Mysore, stating that such claims may be allowed.

No. 288-97—ML. 435-09-2, DATED BANGALORE, 13TH JULY 1910.

ORDER THEREON.—Government observe that Note 1 to Article 559 of the Mysore Service Regulations applies only to halts made in connection with Local Fund meetings, which are generally held at district head-quarters, outside the jurisdiction of the Amildars and does not apply to halts in connection with Municipal meetings which are held by the Amildars within their taluks at places beyond a radius of five miles from the taluk head-quarters. In the latter case, Amildars and Deputy Amildars may draw daily allowance under Article 559 (b) of the Mysore Service Regulations.

The travelling allowance bill of Mr. C. Krishna Rao will be dealt with accordingly.

Letter No. 418, dated the 14th May 1910, from the President of the Municipalities in the Chitaldrug District, reporting the attachment and sale by auction of vacant site No. 135 in the Chitaldrug Municipality belonging to one Dasanaikana Malla, in satisfaction of the arrear of the tax due thereon for the year 1908-09.

No. 525-34—ML. 291-09-6, DATED BANGALORE, 19TH JULY 1910.

ORDER THEREON.—The tax due from the party was the vacant building site tax the levy of which is authorised by Government Order No. 1513-30—L. F. 46-96, dated the 29th July 1896. Chitaldrug Town having been brought under the operation of the Mysore Municipal Regulation, VII of 1906, with effect from the 1st November 1908, the said tax might be taken as having been levied thereunder in accordance with Section 2, proviso (b), but it should have been recovered in accordance with the provisions of that Regulation. There is no provision in the Municipal Regulation empowering the Municipality to attach and sell any immovable property of a defaulter. If the tax due cannot be recovered by distraint and sale of movable property, the only course open is to sue for the arrears in a Civil Court and bring the immovable property to sale in execution of the decree that may be obtained. At such sale the Municipality may, with the permission of the Court, purchase it for the whole or any portion of the decreed amount. In these circumstances the procedure adopted for the recovery of the arrears in the present case was irregular and should be avoided in future.

Letter No. 679, dated 27th May 1910, from the Deputy Commissioner, Tumkur District, submitting an extract from the proceedings of the Tumkur Town Municipal Council at the meeting held on 12th May 1910 and stating that, as rent is being levied for occupying the travellers' bungalow at Tumkur, it is desirable to levy Municipal tax on it, and requesting to be informed whether the bungalow may be taxed.

No. 960-70—ML. 436-09-2, DATED BANGALORE, 27TH JULY 1910.

ORDER THEREON.—The mere levying of fees from travellers halting in "Travellers' Bungalows" does not necessarily imply that the buildings are "used or intended to be used for the purpose of gain." The object of levying the fees is to meet the cost of establishments, etc. Government are therefore of opinion that travellers' bungalows are exempt from all taxes other than a special sanitary cess or a water rate under the proviso to Section 59 of the Municipal Regulation.

Letter No. G. 12, dated the 7th July 1909, from the Senior Surgeon, stating that, in his opinion, it is essential that all persons entertained in the Mysore Medical Service whose mother-tongue is not Kannada, should be required to pass an examination in Kannada, the vernacular of the country.

2. Letter No. 9059-660, dated the 14th March 1910, from the Inspector-General of Education in Mysore, comparing and contrasting the "Higher Standard" examination of Madras with the standard of examination in Kannada prescribed in Government Order No. 21411-24—G. F. 387-92, dated the 24th June 1893, for persons admitted to the Mysore Civil Service and appointed Probationary Assistant Commissioners.

3. Letter No. 10910-780, dated the 4th May 1910, from the Inspector-General of Education in Mysore, forwarding for reference a printed copy of the rules relating to the examination of officers of the Indian Medical Service in the vernaculars of the Madras Presidency, and stating that the compulsory test which an officer of the Indian Medical Service should pass within one year from the date of his appointment is a colloquial test and that the Senior Surgeon with the Government of Mysore has in his letter No. 5611-749, dated the 27—28th April 1910, intimated to him that it is only the colloquial test that is proposed to be prescribed for the medical officers in Mysore for the present.

No. 321-3—MED. 39-09-7, DATED BANGALORE, 13TH JULY 1910.

ORDER THEREON.—Government direct in concurrence with the Senior Surgeon that all Medical officers and subordinates who are not natives of Mysore, or whose mother-tongue is not Kannada, be required to pass a colloquial examination in Kannada.

2. The examination will be conducted by a committee to be appointed by Government, whenever necessary. One of the members of the committee should be a medical officer, so that the examination may have a special bearing on the duties of Medical officers.

3. Persons who may have passed the Mysore Lower Secondary Examination or any University Examination with Kannada, as the optional language, are exempted from passing the colloquial examination.

4. It should be distinctly understood that officers and subordinates now holding only temporary appointments in the Medical Department will not be entitled to confirmation unless they qualify themselves by passing the colloquial examination herein prescribed.

5. This Order is not applicable to officers and subordinates already holding substantive appointments in the Medical Department.

1. Para 8 of Government Proceedings No. 1378-92—San. 93-06-8, dated the 10th August 1907, sanctioning the reduction of the existing strength of vaccinators to 33 and fixing their salary at Rs. 20, 30 and 40 according to grades, plus a horse allowance of Rs. 10 in each case.

2. Government Proceedings No. 2046-7—San. 61-09-2, dated the 24th September 1909, sanctioning the opening of a temporary class in the Vaccine Institute at Bangalore for training 12 candidates as vaccinators to be employed according to the revised scale sanctioned in the above Order, when vacancies occur.

3. The following letter No. 1695, dated the 11th October 1909, from the Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore:—

“(1) With reference to Government Proceedings No. 1378 of 10th August 1907, para 8, sub-para (8) thereof, I have the honor to make the following representations to His Highness' Government. It is there said that the existing vaccinators 'are not of the right sort' and it is hoped that better work will be turned out by a much smaller number of men, 'mounted and better paid.' So the number is reduced from 95 to 33, while the pay is increased from Rs. 10, 12, 15 to Rs. 20, 30, 40 with horse allowance of Rs. 10. It is not said how the new men are to be graded. But that is just now immaterial.

I suppose this smaller number of men were intended to be better educated than the old lot, who are mere peons as a rule, for they were intended to do 'a better quality of work.' This is not, however, stated. So one is left under the impression that mere increase of pay with diminished number is all that is necessary for better work. However this may be, I have taken it for granted that better educated men are meant to be employed, but have found after much enquiry that Lower Secondary men only can be procured. Of these there is quite a large number including 'failures' in various other pursuits. So, so far as general education goes our new lot would be only a trifle ahead of the existing men.

(2) Now I have given this matter much anxious thought, taking into consideration what is being attempted in British India here and there, and what is done in these matters throughout the civilized world, outside India. I have considered it also in relation to the recent Government Order making vaccination compulsory in many places in the State. Nowhere in the world that I know of, except in India, are persons compulsorily vaccinated except by *medical men* or women. It is wrong—cruelly wrong—to force compulsory vaccination under existing circumstances if medical men are available. In days gone by such were not available, but the necessity for placing some sort of barrier in the way of the small-pox epidemic was so pressing that non-medical, illiterate and otherwise ignorant men had to be engaged for this work.

(3) Now here in Mysore it cannot be said that the necessity for this state of things any longer exists. We have, so to speak, come to the parting of the ways—we feel we *must* get rid of the old vaccinators—and now we have to decide whether we shall take another lot, hardly superior to the existing ones and thus help to perpetuate an admitted evil, or strike out boldly and once for all adopt the right course, namely, the appointment of medical men for this work! I earnestly urge that this course be adopted. It is in the air all over the British India—let it be concrete fact in Mysore! and the cost will not be so very much greater than that of the establishment proposed in the Government Order under reference.

I would appoint to the new posts members of that very useful branch of my profession, *viz.*, Hospital Assistants, on the same pay and conditions generally as they receive in the Medical Department with Rs. 10 for pony allowance. I would make the members of this establishment interchangeable with those of Medical Department, so that no man over 40 would be liable to be a Public Vaccinator, for *activity* will be required in this class of men. A tour of three years as Public Vaccinator would probably be enough at once, and then relegate the individual once more to the Medical Department to brush up his knowledge in medicine and refit him for medical work proper.

(4) It goes without saying that the people will have infinitely more confidence in a medical man in this sort of work than in any layman, and they will not feel the same aversion towards compulsory vaccination that now animates them.

(5) With such Public Vaccinators, the work will be well done (it is now badly done!), delicate children will be selected out and allowed to wait till they are fit for vaccination instead of running risk of life as in the case at present, and the returns, made out by my men with developed conscience, will be reliable, instead of the mere waste paper they are at present.

Local Fund and Sanitary (Sanitary), dated 14th July 1910.

(6) Of course, the new men, Public Vaccinators as they would be called, can only be very slowly introduced owing to the necessity for making provision for the existing staff. At this moment there are vacancies for two Public Vaccinators, there being six vacancies amongst the ordinary staff, as it is proposed to make one Public Vaccinator take the place of three of the existing men. If Government permit, I can at once post two passed Medical Pupils to these posts. They would, of course, then form an integral part of the Department of Public Health and become Hospital Assistants, drawing allowance according to the locality in which they serve.

No. 347-9—SAN. 85-09-6, DATED BANGALORE, 14TH JULY 1910.

ORDER THEREON.—Government have already recognised the necessity of replacing the present staff of vaccinators by a better class of men, and they consider that the scheme proposed by the Sanitary Commissioner of employing qualified Hospital Assistants as Public Vaccinators has much to recommend it. To begin the experiment on a small scale, Government are pleased to sanction the employment of two medical men as Public Vaccinators in the place of the existing six vacancies reported by the Sanitary Commissioner. The result of this experiment should be reported by the end of the current official year.

2. Government desire to know why in addition to the pony allowance the Public Vaccinators should be paid a charge allowance of Rs. 10 now payable for independent charge of a Dispensary. Pending the submission of this explanation the two Public Vaccinators above referred to will draw pay Rs. 25 per mensem allowed to them in the Medical Department + a pony allowance of Rs. 10 each.

3. Correspondence ending with letter No. 6188, dated the 27th June 1910, from the Sanitary Commissioner with the Government reporting that kerosene oil emulsion is useful as a destroyer of fleas, that the Madras emulsion is cheaper and is quite effective, that disinfectant powers are not claimed for these emulsions, that they cannot be considered to be of much value except in pukka houses and that their use, like the use of disinfectants, is limited by the fact that they cannot affect the fleas or their ova which lodge in the porosities of the walls of huts.

ORDER.—The new Regulations of the Madras University provide for two courses of study after the Intermediate Examination, *viz.*, the B. A. Course and the B. A. "Honours" Course. For the present, arrangements have been made for teaching only for the B. A. Course in the State Colleges. Government consider that, as long as the "Honours" Course is not provided for in the State Colleges, it is necessary to encourage the higher course of study by granting a few scholarships to deserving young men to prosecute such study in one of the Colleges outside the State, where such a course is provided for. The Government are accordingly pleased to sanction the grant of four scholarships annually under the following conditions:—

- (1) The value of the scholarships will be Rs. 25 each per mensem and they will be tenable for three years in the B. A. "Honours" classes.
- (2) Candidates for the scholarships should have passed the Intermediate Examination in the first class from one of the State Colleges, or in the absence of such candidates one or more scholarships may be awarded to those who are specially recommended by the Principals of these Colleges as fit to study for this course.
- (3) The scholarships will be awarded as a mark of distinction independently of the pecuniary circumstances of the candidates.

2. The maximum expenditure involved in the above scheme is Rs. 3,600 per annum and the necessary provision will be included in the Education State Fund budget for 1911-12, as the B. A. Courses under the new Regulations commence in July 1911.

No. 109-11--MUZ. 279-09, DATED BANGALORE, 9TH JULY 1910.

ORDER THEREON.—For the maintenance of the orphanage established by him at Birur with a view to educate, clothe and feed six poor and deserving boys of the Brahmin community and an equal number of such boys of the Vaisya community, Mr. Kharidi Govindappa proposes to deposit with the Government Rs. 10,000 and requests that the rate of interest sanctioned in Government Proceedings No. 473-503—G. F. 15-09-2, dated 15th July 1909, may be allowed. He further requests that the half-yearly interest may be made over to him and his heirs for conducting the charity, and agrees to maintain proper accounts and to submit the same for inspection when called for. The Deputy Commissioner supports Mr. Kharidi Govindappa's prayers.

2. The object of the deposit being of a charitable nature as contemplated in Rule III of the notification of the 12th February 1908 as revised by Government Notification No. 473-503—G. F. 15-09-2, dated 15th July 1909, the Government are pleased to sanction the request made by Mr. Kharidi Govindappa and accept the amount already paid by him into the Treasury as a deposit under the aforesaid notification, the rate of interest on such deposits being not more than half per cent in excess of that sanctioned by the Government of India on their securities. At present the rate of interest will be 4 per cent.

3. The Comptroller to Government is requested to issue instructions to the Deputy Commissioner, Treasury Department, Kadur District, to deposit the amount under Government Notification No. 473-503—G. F. 15-09-2, dated 15th July 1909, and to get a document executed by the donor in the form prescribed under Government Notification No. 432-72—G. F. 15-09-1, dated 15th July 1909.

4. The half-yearly interest on the deposit will, until further orders be paid to Mr. Kharidi Govindappa, who should maintain regular accounts and make them available for inspection by Government officers and also submit to Government an annual report on the affairs of the institution with an abstract of accounts.

Petition No. D. 1473, dated the 4th February 1910, from Mr. Sanjeevasetti of Tyamagondlu Nelamangala Taluk, praying that the sum of Rs. 3,000 deposited by him in the Savings Bank may be accepted by Government and the enhanced interest of 4 per cent sanctioned on religious and charitable endowments may be allowed thereon for certain services, etc., in the Sri Kasivisweswaraswami temple, a Muzrai institution at Tyamagondlu.

2. Letter No. 47, dated the 18th March 1910, from the Deputy Commissioner, Bangalore District, reporting on the above.

No. 112-4—MUZ. 455-09, DATED BANGALORE, 9TH JULY 1910.

ORDER THEREON.—Mr. Sanjeevasetti of Tyamagondlu, Nelamangala Taluk, has deposited a sum of Rs. 3,000 in the Savings Bank in the name of the Sri Kasivisweswaraswami temple at the place and requests that the same may be accepted by Government as a deposit on the favorable rate of 4 per cent interest sanctioned on religious and charitable endowments, and the interest thus accruing utilised for the performance of Rudrabhisheka, Kunkunarchane, etc., and the feeding of Brahmins and Vaisyas in the said temple on the full-moon days of Vaisakha and Kartika and Magha of every year. He further desires to manage the charities himself during his life-time and requests that the half-yearly interest on the deposit may be paid to him, and adds that after him his lineal descendants, and failing them his own castemen should manage the charities, getting the half-yearly interest.

2. The object of the deposit being of a religious and charitable nature deserving of encouragement as contemplated in Rule III of the Notification of the 12th February 1908, as revised by Government Notification No. Fl. 473-503—G. F. 15-09-2, dated the 15th July 1909, the Government are pleased to sanction the request made by Mr. Sanjeevasetti and to accept the deposit of Rs. 3,000, the rate of interest being half per cent in excess of the rate allowed by the Government of India on their securities. The rate allowed by Government at present will be 4 per cent.

3. The Comptroller to Government is requested to issue needful instructions to the Deputy Commissioner, Treasury Department, Bangalore District, to have a sum of Rs. 3,000 referred to in para 1 *supra* withdrawn from the Savings Bank and credited as a deposit under Notification No. Fl. 473-503—G. F. 15-09-2, dated the 15th July 1909, and also to get a document executed by the depositor in the form prescribed in Government Notification No. Fl. 432-72—G. F. 15-09-1, dated the 15th July 1909.

4. The half-yearly interest on the deposit money will, until further orders, be paid to Mr. Sanjeevasetti of Tyamagondlu, who should maintain regular accounts and make them available for inspection by Government officers, and also submit to Government an annual report on the conduct of the charities with an abstract of accounts.

The following letter No. 488, dated 29th April 1910, from the Deputy Commissioner, Mysore District, proposing the destruction of certain old Muzrai accounts :—

"I have the honor to report that most of the Muzrai records of this district that have been found in the old Revenue Record Room at the old District Office consist of monthly accounts and annual goshwaras of the various Muzrai Institutions and that latest of them is no less than 30 years old. As their preservation and care is a rather difficult and costly affair, and as they do not serve any useful purpose, I have to request you to kindly get the orders of Government for destruction of those accounts. They will, of course, be examined beforehand by one of my assistants, and such papers as are of any use among them will be separated and preserved.

"In this connection, I may add that besides settlement and Jamabandi accounts, very few Revenue accounts are kept for more than twelve years."

2. Letter No. 561, dated 23rd June 1910, from the same officer, submitting samples of accounts proposed to be destroyed.

No. 355-63—MUZ. 640-09-4, DATED BANGALORE, 30TH JULY 1910.

ORDER THEREON.—The papers may be destroyed after examination as suggested by the Deputy Commissioner. Similar action will be taken in other districts also.

2. The information given in some of these accounts about the ruling prices of the period would, perhaps, be useful. The chattram Saljhada Takhta for the year 1860-61, received with the Deputy Commissioner's second letter, read above, furnishing such information, will be forwarded to the Director of Statistics in Mysore, who, if he finds it useful, may obtain from the Deputy Commissioner direct, the Takhtas of other years.
